

## Product 247. Piu Alto

Thanks to a special attachment technique these spotlights are rotatable 360° and pivotable 45° thanks to a hidden joint. However they can also be fixed in a vertical position for downlight use only.

IP 20    

The various optical components (inserts) can be exchanged and reassembled at any time using a simple mechanism.

Mounting on solid ceilings or hollow-wall box, optional through-wiring,  $\varnothing$  83 mm

360° rotation, pivotable 45°, diverse inserts for a free choice of interchangeable lighting and color effects,  $\varnothing$  122 mm

rotatable and pivotable surface-mounted spotlight (ballast for NV and LED mounted remote), mains voltage halogen G9, max. 60W, or low voltage halogen GY6.35, max. 60W, or »next generation« »high color« LED, 26W, for best color rendering with a CRI of 95 for color temperatures of 2700 or 3000 K, or »high flux« LED for maximum luminous flux with a CRI of 85 for color temperatures of 3000, 3500 or 4000 K, all light sources dimmable
